

Project Design Phase-II

Data Flow Diagram & User Stories

Date	06 May 2023
Team ID	NM2023TMID04500
Project Name	Blogging: Create a blog using Wordpress

Data Flow Diagrams:

A Data Flow Diagram (DFD) is a traditional visual representation of the information flows within a system. A neat and clear DFD can depict the right amount of the system requirement graphically. It shows how data enters and leaves the system, what changes the information, and where data is stored.

Data Flow diagram :

User Stories

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance criteria	Priority	Team Member
Novice Trader	User education	US001	As a novice trader, I want access to beginner-friendly educational content to understand trading fundamentals.	I can navigate to the "Education" section. I can access articles and videos explaining trading basics. The content is clear and easy to understand.	High	Jeeva Ananth
	User Education	US002	As a novice trader, I want to test my trading knowledge through quizzes to reinforce my learning.	I can find and take trading quizzes in the "Education" section. Quiz questions cover the topics I've learned. I receive immediate feedback on quiz results.	Medium	Sanjay
Community Builder	Community Engagement	US003	As a community builder, I want to start a discussion on a trading topic I'm passionate about.	I can create a new discussion thread in the community forum. I can add tags to categorize my discussion. Other users can join and participate in the conversation.	High	Gokul
Branding Enthusiast	Branding Customization	US004	As a branding enthusiast, I want to customize my user profile by adding a unique avatar image.	I can upload a personalized avatar image. The image is displayed on my profile.	Medium	HariHaran
